ADHESIVE SOLUTIONS FOR THE FURNITURE INDUSTRY

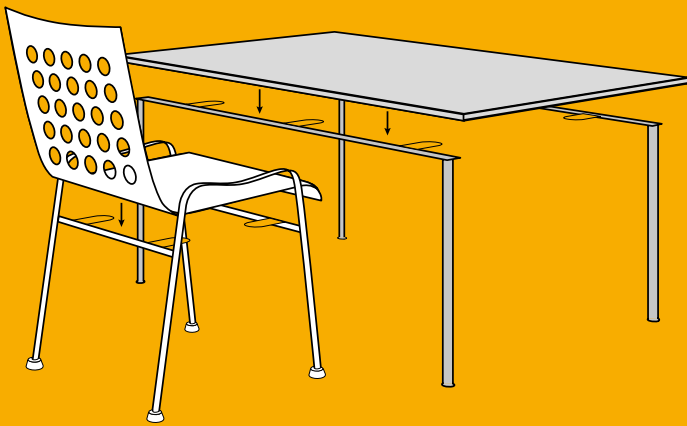

When a structural bond and a pleasant look have to be achieved at the same time, Sika's technologies provide the right answer. Our comprehensive range of solutions meets demanding customer requirements, providing thus competitive advantages and long-term results. For years, furniture manufacturers have been relying on Sika solutions to bond metals, wood and the most commonly used substrates, ensuring both functional and aesthetic appeal.

ADVANTAGES

- Assembly of different materials without process changes (wood, metals, glass, plastics)
- Modern look and a smooth surface, without visible clamps or screws
- Fast assembly process for any shape and design
- Easy application with 1-component adhesives or 2-component cartridge solutions
- Even distribution of mechanical stress

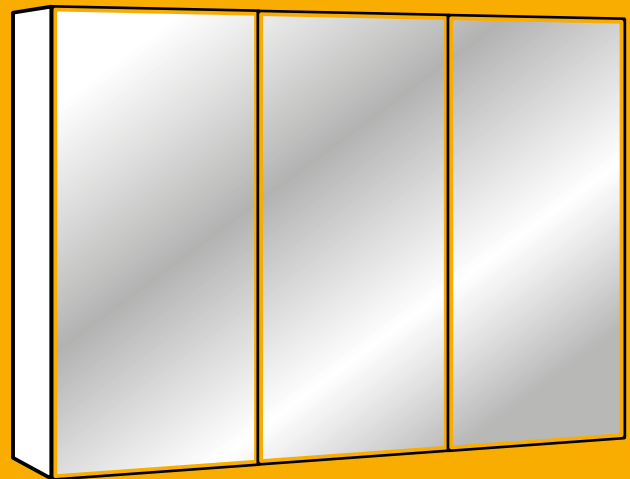

Metal rails bonded to wood base with **SikaFast®-555 L05**.

Structural bonding of seat and table on mountings with **SikaFast®-555 L10**.
