SIKA® POWERCURE

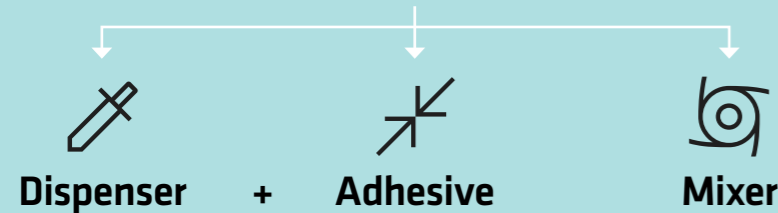

The PowerCure System: Sikaflex® Booster® in its most versatile format

PowerCure is Sika's award-winning dispensing and adhesive technology for fast-cure booster adhesives. Sika PowerCure adhesives are the better choice to speed assembly processes than standard 2C adhesives or sealants.

For high volume applications out of bulk packaging, Sikaflex® Booster is the most cost-effective and reliable solution for fast strength development of elastic adhesives. For applications with less consumption, Sika's PowerCure system may offer the best value.

SIKA'S POWERCURE SYSTEM

Solutions for the Maritime Industry

- Specify one material and stay flexible to speed process steps
- Save material costs by using Booster only where beneficial
- Robust processing, will reach the same end result with or without Booster
- Flexible, to evolve with your process

PROVEN DURABILITY UNDER HARSH MARINE CONDITIONS

In the dynamic world of marine applications, the demand for materials that offer superior performance while ensuring environmental responsibility and worker safety is paramount. Sika's Purform® Technology stands at Elasticity and durability are key in marine construction and repair, where vessels are constantly exposed to UV radiation, saltwater, and dynamic stresses from wind and waves. Sika's marine-grade adhesive and sealant systems are engineered to perform under these demanding conditions.

Whether for timber, fiberglass, aluminum, or steel construction, Sika provides complete solutions for caulking, levelling, bedding, sealing – and crucially – structural bonding of composite and metal components. From flexible sealants to high-strength structural adhesives, the range ensures long-lasting integrity above and below the waterline, as well as perfect esthetics where needed (e.g., visible joints, deck seams).

PURFORM®
Pure Performance

PURFORM® A NEW ERA IN MARINE SOLUTIONS

In the dynamic world of marine applications, the demand for materials that offer superior performance while ensuring environmental responsibility and worker safety is paramount. Sika's Purform® Technology stands at the forefront of this evolution, seamlessly integrating into our renowned Sikaflex®, SikaForce®, and Sikafloor® Marine product lines.
